As part of Christopher Community's dedication to maintaining the best possible living environment for all residents, Christopher Community encourages and supports the following:

The right to live in decent, safe and sanitary housing that is free from hazards.

The right to have repairs performed in a timely manner, upon request.

The right to be given a reasonable notice, in writing, of any non-emergency inspection or other entry into your apartment.

The right to organize as residents without obstruction from management.

The right to equal and fair treatment and use of our buildings' services and facilities without regard to race, color, religion, gender, disability, familial status or national origin.

The right to break an existing lease. If you are over 62 years of age and accepted into subsidized housing, you have the legal right to terminate the lease on your current apartment. This means you have the right to move and your landlord cannot collect future rent payments from you.
